EXPERIENCE

2019 - 2020

WEB DEVELOPER/DESIGNER (contract)

Subaru of New England

Worked on a team that managed software needs for over a 100 car dealerships. This was a full stack role. Detailed co-collaboration was essential to meeting our goal -- making sure that dealerships and warehouses in our network have all the tools they need to stay on track.

2018 – 2019

WEB DEVELOPER/DESIGNER (contract)

Christian Science Monitor

Designed, developed and supported software and web applications for a leading news organization. Worked on a small SCRUM team. Collaborated with editors and other teammates to ensure deadlines and goals were met on time.

2017 – 2018

WEB DEVELOPER/DESIGNER (contract)

Pure Hockey

Designed and developed software for an e-commerce company. Implemented procedures for testing and troubleshooting. Worked with outside vendors to integrate processes and their tools. Role often required high level creative thinking and problem solving.

2017

WEB DEVELOPER/DESIGNER (freelance)

Harvard University

Created custom web services to export/import stimuli materials into Qualtrics for post doctorate academic studies. Worked with researchers to write a program to shorten data collection and entry times. Designed custom interface specifically for the clients needs. Vastly improved efficiency.

2017

FRONT END DEVELOPER/DESIGNER (intern)

User Interface Engineering

Worked with industry leaders in UX. Designed and developed HTML emails and associated websites. Assisted in developing a custom front end CSS framework. Set up custom hardware and peripherals for conferences.

2014 – 2016

FLIGHT SUPPORT SPECIALIST

Magellan Jets

Managed all night operations of global client base. Responsible for flight following, weather tracking, aircraft sourcing, mechanical conflict resolution and ensuring FAA compliance.

2011 – 2014

UNIT COORDINATOR: Emergency Department

Partners Healthcare - Newton Wellesley Hospital

Unit coordinator for emergency department. Able to work under extreme pressure with equanimity. Worked with partners systems to enter labs, test and transfusions. Worked directly with physician and nursing staff.
