EXPERIENCE

2019

WEB DEVELOPER (contract)

Subaru of New England

Managed all software needs for over 100 car dealerships. Built programs for both internal and external facing clients. Detailed co-collaboration with other teams was essential to meeting goals and deadlines.

2018 – 2019

WEB DEVELOPER (contract)

Christian Science Monitor

Designed, developed and supported software and web applications for a leading news organization. Worked on a small SCRUM team. Collaborated with designers and editors to ensure deadlines and goals were met on time.

2017 – 2018

WEB DEVELOPER (contract)

Pure Hockey

Worked with designers to develop software for an e-commerce company. Implemented procedures for testing and troubleshooting. Worked with outside vendors to integrate processes and their tools. Role often required high level creative thinking and problem solving.

2017

WEB DEVELOPER (freelance)

Harvard University

Created custom web services to export/import stimuli materials into Qualtrics for post doctorate academic studies. Worked with researchers to write a program to shorten data collection and entry times. Vastly improved efficiency.

2017

FRONT END WEB DEVELOPER (senior intern)

User Interface Engineering

Worked with industry leaders in UX. Developed HTML emails and associated websites. Assisted in developing a custom front end CSS framework. Set up custom hardware and peripherals for conferences.

2014 – 2016

FLIGHT SUPPORT SPECIALIST

Magellan Jets

Managed all night operations of global client base. Responsible for flight following, weather tracking, aircraft sourcing, mechanical conflict resolution and ensuring FAA compliance.

2011 – 2014

UNIT COORDINATOR: Emergency Department

Partners Healthcare - Newton Wellesley Hospital

Unit coordinator for emergency department. Able to work under extreme pressure with equanimity. Worked with partners systems to enter labs, test and transfusions. Worked directly with physician and nursing staff.
